Do You Know

That some folks have more patience than sense?

That the youngest soldier in the civil war has begun dying?

That a faint heart is considered an easy mark for the new girl?

That a dress does not make a woman, but often breaks a man?

That 20 years from now these will be called the good old times?

That some girls get married just to let others know that they can?

That flattery is a key that will open the majority of feminine hearts?

That courtship is a vessel in which few single ladies object to embark?

That 'tis strange, but it's a cold day when the iceman brings a big lump?

That advice is one thing a man will deprive himself of to give it to a friend?

That the ice-cream season was no doubt invented expressly for spoony lovers?

That no man can see why any woman should prefer some other man to himself?

That it is the observed motto of the American messenger boy not to act hastily?

That a cook who goes to church four times a week is not therefore a good cook?

That it isn't considered good form to wear a plug hat while rushing the growler?

That sometimes there is a good deal of pride in telling how big a sinner you used to be?

That the man wants to be taken care of who thinks that no one is right but himself?

That no matter what a girl's political creed may be, she always wants protection?

That a lawyer should find it easy to wed, as he is generally good in court matters?

That there are civil engineers and we want to know why there can't be civil conductors?

That a man who takes more than 10 beers a day ought to be made pay an income tax?

That lovers steal hearts, burglars steal goods and friends steal umbrellas and rubber over shoes?

That "time is money," it is said, but a man with plenty of it on his hands can starve to death?

That if Cupid would drop his bow and arrows and get a gun, we might hear of more marriages?

That if you want to avoid being run over by a trolley car just get inside? Safest place we know of!

That Eve is the only woman on record who never turned round to see what the other woman had on?

That when a man asks for advice, what he really wants is for you to guess his opinion and tell him?

That some women have such wills of their own that a Philadelphia lawyer could not break them?

That it is safer to look at a mule in the face when you scold him, than it is to talk behind his back?

Edwin Shipp, aged 24 years, a young man living near Cairo, committed suicide Wednesday morning by shooting himself in the head with a pistol at the barn of his uncle, C. M. Shipp, six miles northwest of Cairo. Young Shipp was enamored of a daughter of Jos. Allen, but there were obstacles to their marriage, and in brooding over them his mind became unbalanced, and he fired the fatal shot into his brain. He called on Miss Allen Tuesday night, and when he made his adieux he told her that was the last time she would see him alive.

The editor of the COURIER, wife and Mrs. E. J. Mackay of Chillicothe spent a portion of Sunday afternoon and evening very enjoyably at the pleasant country home of Mr. and Mrs. J. J. McFarland of four miles southeast of this city. We were delightfully entertained by Mr. and Mrs. McFarland and their daughters, Miss Florence and Mrs. Guy Hurt, and partook of one of the nicest suppers that has tickled our palate for many moons. Mrs. McFarland justly bears the reputation of being a most accomplished lady in the art of cookery, and has not been neglectful in giving her daughters proper instructions in the culinary department and in which they have been apt pupils. Mr. McFarland is a lavish provider and it is his generosity in this respect that enables Mrs. McFarland to set such an excellent table.

A CONFIDING Washington correspondent informs us that all the cabinet officers have personally informed him that they are not thinking of resigning. Cabinet officers, it has been observed, always come to a decision in a matter like this with a rapidity that is positively startling. They never intend to resign until the president has accepted their resignations.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest entirely disappeared. I am most respectfully yours for health, RALPH S. MEYERS, 64-Thirty-seventh St., Wheeling, W. Va. For sale by Richardson Drug Co.

The sugar trust is selling from the Mississippi to the Pacific at 3 1-2 cents a pound, and from the Mississippi to the Atlantic at 8 cents a pound, its western cut being for the sole and only purpose of crushing out the beet sugar industry by selling at a loss until the less wealthy beet men are ruined. Yet Senator Hanna declares there are no trusts in this country.

Jumped on a Ten Penny Nail.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one entirely through her foot and a second one-half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well-known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by Richardson Drug Co.

Do You Know

That time and tide wait for no man, but if they did, some men would get there late just the same?

That this is a nation of politicians and boys take the stump whenever they find one on the sidewalk?

That a camel can work eight days without drinking, and a man can drink eight days without working?

That the reigning belle of the town is usually the one who doesn't know enough to go in when it rains?

That after all it is neither the gold-bug nor the silver-bug that is a great evil in this country, but the humbug?
